BOAT DESCRIPTION

The addition of the large open-view window in the master cabin is an important and ambitious optimization of space that makes the 660 a seemingly larger boat. Elegance and versatility of use characterize the small sofas and tables on the flybridge and lower deck, where a teak table able to seat up to 8 guests has also been added.

The revolution of all spaces is clearly visible as soon as one opens the balanced door to the lounge area where an open space area permits to have all the spaces in one: the American style galley, completely separable thanks to the transparent sliding door, face the salon as the pilot house which is in direct communication of the living.

The lower-deck VIP and guest cabins have been smartly finished and take advantage of an exceptional rationalization of spaces, while the master cabin has been gloriously enriched with the open-view window featuring openable portholes offering incomparable light and space. The yacht's performance speaks for itself: a maximum speed of 33 knots with two 1,300 horsepower common rail MAN engines.
