NAVIGATION

The 2020 Lagoon 630, affectionately known as Dani II, is a testament to state-of-the-art navigation equipment. Equipped with the cutting-edge Simrad Navigation pack of 2019/2020, this power catamaran represents the pinnacle of technology in the world of boating. To ensure safe and efficient navigation, Dani II features not one, but two cameras discreetly positioned under the flybridge, providing the captain with an unparalleled view of the surroundings. The inclusion of a Wind Vane by Simrad ensures precise monitoring of wind conditions for optimal performance. Moreover, a Simrad Radar system enhances onboard safety by providing real-time data on nearby

vessels and potential obstacles. The Autopilot remote by Simrad offers ease of control, allowing for hands-free navigation when desired. Communication is seamless with the VHF Simrad RS90 double headset, equipped with DSC technology for reliable long-distance communication. And when it's time to unwind, the Fusion MS-RA70 USB radio in the salon, coupled with eight strategically placed speakers (in the salon, cockpit, and flybridge) and a remote control on the flybridge, ensures that Dani II offers not just a boating experience but a symphony of entertainment, making her the ultimate choice for those seeking the perfect blend of technology and luxury on the open waters.

ELECTRIC/ LIGHTING

Dani II sets the standard for electric and lighting systems that are both dynamic and environmentally conscious. With 1000W mooring capstans on the aft port and aft starboard, docking becomes a breeze. LED spotlights in the aft beam and underwater blue spotlights not only enhance the vessel's aesthetics but also provide practical functionality. The deck courtesy lights in the cockpit, transoms, and flybridge ensure a welcoming and safe environment in all areas. Additionally, Dani II offers the convenience of a 220V waterproof socket in the cockpit furniture and forward deck sea/freshwater wash pump, as well as an aft deck freshwater wash pump. To meet power demands, an Onan genset of 19Kva, along with a fuel transfer pump, is at your disposal. With the inclusion of two 220V 100Amp battery chargers, USB sockets in the cabins, and a reverse cycle chilled water air conditioning system boasting 96,000 BTU, Dani II offers a seamless blend of luxury and functionality, ensuring a truly spectacular maritime experience.

- Mooring Made Easy: Two 1000W mooring capstans located aft port and aft starboard facilitate effortless docking.
- Illuminating Elegance: Enjoy the stunning ambiance with two LED spotlights in the aft beam and four mesmerizing underwater blue spotlights.
- Safety Illuminated: Deck courtesy lights adorn the cockpit, transoms, and flybridge, providing both safety and style.
- Versatile Power: A 220V waterproof socket in the cockpit furniture and forward deck sea/freshwater wash pump, coupled with an aft deck freshwater wash pump, cater to various needs.
- Reliable Power Generation: Benefit from the extra Onan genset (19Kva) with a fuel transfer pump, ensuring a continuous and stable power supply.
- Charging Convenience: Two 220V 100Amp battery chargers keep your electrical systems primed and ready.
- Modern Connectivity: USB sockets in the cabins offer convenient charging for your devices, ensuring you stay connected while on board.
- Climate Control: Stay comfortable in any weather with the reverse cycle chilled water air conditioning system, providing a refreshing 96,000 BTU of cooling power in 220V.

WALKTHROUGH

Dani II defines sophistication in every detail, starting with its interior adorned in Alpi walnut and Asburgo dark grey flooring, a testament to timeless elegance. The PVC snow-white upholstery exudes a pristine allure, creating a captivating contrast. Beyond aesthetics, Dani II boasts practical features like a Teak forward platform and a flybridge hardtop with an opening top, complemented by sunshade sides, ensuring every moment on board is both comfortable and enjoyable. The Teak sunlounger pad on the flybridge adds an extra touch of luxury, inviting you to bask in the sun's

warmth. And with its light grey hull-colored gelcoat, Dani II stands out in style and grace, a true masterpiece designed to captivate and inspire on every journey.

- Seamless Water Access: Dani II boasts a Tenderlift hydraulic platform with a convenient remote control, ensuring easy water access and water toy handling.
- Elegant Boarding: With a retractable hydraulic gangplank measuring 2.7 meters (8.20 feet) on the port transom, boarding and disembarking are not only stylish but also effortlessly efficient.
- Flybridge Refreshments: Stay refreshed and enjoy your time on the flybridge with the onboard fridge, perfect for keeping your favorite beverages cold and accessible.
- Climate Control: Fans in the cabins, galley, and salon (totaling 8 fans) provide a comfortable and cool environment, no matter where you choose to relax on the vessel.
- Central Galley Upgrades: Experience culinary excellence with additional stainless-steel fridge, a microwave oven and grill in 220V, and a Miele dishwasher accommodating up to 12 sets in the central galley, ensuring your dining experience is top-notch in every way.
