Note:

ANANDA is a splendid 28 m (LOA) phinisi a wooden schooner full of character built for private charter. You will enjoy her cozy and unique atmosphere and her professional and friendly crew which is waiting to pamper you.

The vessel "Ananda" has been designed to service adventure sailors and cruisers with a sense of taste for old world charm in design with the strength of a massive sailing ship. This boat has just been REFIT over a period of a few years. She is an example of wood working craftsmanship that is a clear example of a caring owner with an excellent eye for detail. We have been friends with this owner for nearly 20 years and he is a very kind and special person. This boat is targeting a client that wants a private yacht for diving or simply cruising.
